Vulcan, Alta., only one left, apartment with private entrance, at The Royal.
The Royal Rooms, near C. P. R. station, main street, Vulcan. Rates 75c. and \$1.
We have some good houses splendidly located for sale. Flood, Whitcher & Elves.

Auctioneer Rebbe announces a combination sale on Saturday, December 15th. Entries received up to date of sale.

The Junior C. G. I. T. are holding a tea from three to six o'clock, in the United Church parlors, Saturday, December 15.

Three quarter sections good farm land to rent to a man who has \$1000 to \$1200 to pay for work; 210 acres of summer-fallow.—C. B. Shimp Land Co.

Members of the local branch of the Canadian Legion are reminded that the general meeting on Sunday, December 9, will be for nomination of officers for 1929. A large turnout of members is looked for.

Though there has been a drop of four cents in the market price of turkeys, the former contract price is being paid by the Vulcan Co-Op and will be maintained until Saturday night. The delivery of turkeys to this firm during the last two or three days has been immense, and all purchased from farmers and others in the Vulcan district.

Cancellation of the fair last year and circumstances of this year have prevented the secretary from making the usual general canvass for contributions in support of the School Fair. To close the business of the fair this year and maintain the amount of the prizes to the boys and girls, Miss Maisie Duguid has been authorized to make collections from local business people and others according to their disposition towards this annual event.

Contractor and workmen have been for some time going at their top speed in the construction of a second annex to the Pioneer elevator at Vulcan. The new addition will have a capacity of 30,000 bushels, and will make the total capacity of the house 110,000 bushels. This will give the Pioneer a position of prominence in the aristocratic line of nine elevators which have given fame to Vulcan. The annex will be ready to receive in a day or two. Mr. Wes. Griffin is manager.

LOCAL NEWS ITEMS

Born, in Calgary, on November 27, 1928, to Mr. and Mrs. W. L. Irvine, of Vulcan, a son.

The Elks' are planning for a "social night," to take place on December 19th, when entertainment will include the stunts which are peculiar to this herd.

Those who require Christmas greeting cards now or at the last minute are assured of the service they desire at The Advocate office, as the cards are stocked right here, and they are of designs that are not available elsewhere. Many orders have already been filled.

On page twenty-nine, of a catalogue of musical merchandise just issued by the firm of Messrs. Heintzman & Co., there is printed a picture of the Vulcan Citizens Band and designated 1928 Champions Western Canada Band Contest. Thus does this great musical house broadcast the name and fame of Vulcan and its band.

The U.F.A. of date December first prints a map of Alberta, featuring Alberta Pool elevator points. During the fiscal year ended July 16th, 1928, the elevator department operated 162 elevators at 160 points in the province. Vulcan has the distinction of being one of the two points in all Alberta where the pool owns and operates two elevators.

Mr. C. H. McMillan, whose promotion to the management of the branch of the Bank of Commerce at Bassano was mentioned last week, left this week for his new post, carrying the best wishes of all Vulcan. With the household equipment went also the curling stones and golf clubs and other implements of sport which Mac handled with some pride.

The current issue of The U.F.A., under the heading "Live Canvassers," as a measure of tribute to men who made outstanding contributions to the success of the Wheat Pool sign-up, publishes a list of names and the number of contracts turned in, and in this appears the name of E. G. McLean, who gets credit for thirty-seven contracts.

The Claresholm Press printed in its last issue a picture of the new skating arena and curling rink in that town. The building is big and a beauty. Claresholm has a hockey team in the Foothills league and the town is due for the fun and excitement that was once the pleasure of the people of Vulcan. Vulcan is just now in a kind of a sport slump, but we shall rise again.

There was a meeting this week of the lady curlers of Vulcan, the purpose of which was the reorganization of the local club and to plan a program for the season just about to open. The election of the officers resulted as follows: Mrs. James Marshall, president; Mrs. George Munro, vice president; Miss McInnes, secretary-treasurer. A very fine season is anticipated, and all ladies who desire to curl are requested to so communicate to the club by calling phone 80.

LOCAL NEWS ITEMS

Lethbridge has recently been made the southern terminus of an inter-city airline connecting Lethbridge, Calgary and Edmonton. Vulcan will at least be in the line of flight and our people will be permitted the sight of the planes going back and forth.

The next regular meeting of Ferris Chapter, No. 65, Order of Eastern Star, will be held on Tuesday evening, December 11th, commencing sharp at eight o'clock. This will be an important meeting, and all members are specially requested to be present. Visiting members of the order will be welcome.

Front page position in the Saturday issue of The Lethbridge Herald was given to pictures of the Vulcan municipal hospital, the line of nine elevators, and the Canadian Legion memorial hall. These indicate the building progress of the season in Vulcan, but really the photos did not do justice to the majesty of the grain houses or the beauty of the other two buildings.

There has of late been quite an exodus of Vulcan people to Edmonton, and included in the Vulcan colony now at the capital city are Mr. and Mrs. Robert Robb and family, Mr. A. L. Burrows, Mr. Frank Wilson and family, Mr. Joe Korczynski, Miss Dorothy Martin, Mr. Norman and Miss Elinor Jennijohn, Willie Butchart and Hon. O. L. McPherson and family.

There was a decided drop in the temperature on the first day of the week, and Mr. Bob Ferguson, who is again in the service of the curlers, has since been building up the three ice sheets at the rink that are calculated to be the means of sport for even a greater number of club members than has heretofore been registered. Eighteen rinks is the present estimate.

Rev. J. N. Brunton, at the United Church on Sunday evening, will take for his subject, "Canada in the making," or "The task of the United Church of Canada." The call of the frontier is just as urgent today as ever, and the church is endeavoring to send the same heroic type of men who in pioneer days of this country taught the people to build their altars where they plowed their furrows. Music will be rendered by the senior choir. Everybody welcome.

The removal of the Calgary Stock Exchange to better premises in the new Elks' building in Calgary was made the subject of much publicity by the city papers, and in this connection prominence was given to the names of former Vulcan men and indicating that they were making their way rapidly in the business circles of the city. They are Mr. Clark Galbraith, who is president of the Calgary Stock Exchange, and Mr. Fred Elves, who is a member of the board of management of the same institution. May their success continue.

Nels Ferguson, former amateur lightweight champion of Alberta, is climbing to the top of the fistic ladder at Vancouver. He started to fight there in a few months ago in the preliminaries, has reached the semi-final stage, and it is predicted that it won't be long before he is headlining a bill. Nels is a colorful fighter who knows how to sock.—Calgary Herald. This fellow Ferguson made his first professional appearance in Vulcan in a bout last spring shortly after the amateur championship, and his performance here presaged a successful future in the ring.

The only hockey team left of the one-time famous Wheatbelt league, in which Vulcan had membership, is the High River team, and now this organization has made its entry into the new senior league of Alberta. Thus passes the league in which chief local interest centred, or perhaps it will be but dormant for a time. However, during the period when most of our hockey will come to us by radio or the sport columns, there will be an interest in the fortunes of the team that so often won the championship in the league which had its origin right here and was not without an interesting record.

The new municipal hospital will be practically completed this week end. This is an accomplishment which almost everybody has anticipated with keen concern. More will be said of the enterprise in these columns when the formal opening has taken place. The extent and form of the opening ceremonies have not been announced, but it is intimated that at least for a short period previous to the acceptance of patients permission will be given for the inspection of the institution and premises by all who might desire to do so. The nearing of the time when the hospital will be put to service has prompted the mention of the uncertainty as to who might be the first patient to enter there, and it is a reminder of the offer made of silver mug and baby spoon to be presented to the first child born in the institution. This hospital as all other hospitals, is going to serve a great purpose.

LOCAL NEWS ITEMS

Born, at Mrs. Speer's hospital in Vulcan, on December 1st, 1928, to Mr. and Mrs. J. M. McCray of Kirkcaldy, a daughter.

Vulcan patients at Calgary hospitals are convalescing. Mr. Bud Flood is better and back home, and Miss Willows, municipal hospital superintendent, is expected to return this week end.

Rebekahs and Oddfellows jointly continue in the promotion of the big dance to be held on December 14th, the entire proceeds of which are to be contributed to the Herald Sunshine Fund. This is an opportunity for all to do their bit.

Mr. Jack Thompson has gone over to High River to give his assistance and experience in putting over a big merchandising campaign being promoted by the Trading Co. It is just possible that Mr. Thompson might remain for some time in the town that was years ago home to him.

Characteristic of the man who had established the home which bears his name, the last words of Rev. George Wood were "carry on." Vulcan has always generously supported the sacrifice of the man who was so highly esteemed here and everywhere will tend to maintain that support.

Bobby McElroy, who operates the machines at the picture house, was in Calgary this week to write the exams required by the government of picture projectionists. While in the city he was extended the courtesy of a visit to the biggest of movie houses and was permitted the inspection of the films and mechanism that produce the talkies and movietones.

Vulcan has representation at the great convention of hotelmen at Lethbridge in the persons of Mr. Albert Mutz and Mr. James Ross, of the Imperial hotel, and they are two of the three hundred members of the association who are assembled to discuss the many features of the important business of taking care of the travelling public. Lethbridge is establishing itself as a convention centre and certainly the city is great in its hospitality to visitors within its gates. It is not so long ago that the newspapermen were in convention in the southern city.

Under the head "Calgary brokers purchase block," announcement was made in the Saturday issue of The Herald of the purchase of a business building on Eighth Avenue by Calgary Brokers, Limited. It is understood that the property was purchased at a cash figure in the neighborhood of \$10,000. The members of the purchasing firm are Messrs. Robert Wilkinson and Fred Elves, who are also respectively president and secretary-treasurer of the Canadian Trust and Loan Company. Mr. Elves, until recently, was a resident in Vulcan, a member of the town council, and associated with many local interests. Mr. Wilkinson was at one time in business at Blackie.

The same man, and a good one, is on the job again at the skating arena. Mr. William Watt is once more the ice man. With the fight stage and other boxing paraphernalia stored away under the seat gallery and the building set for winter, the flooding started at the fall of the temperature and time and frost is now all that is necessary to hasten the opening of the rink and start the sport of skaters. In some of the towns skating clubs have been organized, one of the purposes being the promotion of art skating, and the suggestion of such a move in Vulcan might be considered with advantage by those who are in authority at the rink. It could hardly fail to increase the interest in skating.

Surprised by a number of their neighbors and other friends, Mr. and Mrs. Frank Maiden, highly esteemed residents of Vulcan district, were made the guests of a party at their home on November 30th. It was the thirtieth anniversary of their wedding and friends came to tender congratulations and well wishes, and bring gifts, which included a lovely traveling bag, a dozen silver spoons, and a purse of coin of the realm. It was indeed a jolly party and a feature of the event was the midnight supper. Mr. and Mrs. Maiden expressed their appreciation of the kindness demonstrated and tendered the thanks that this journal is requested by them to repeat. Everybody will join in the good wishes so well expressed by the event. Included in the party were Mr. and Mrs. Carl Dole, Miss Margaret Dole, Mr. Loss Kuykendall, Mr. and Mrs. D. Bell, Mr. Bob Curtis, Mr. and Mrs. Charles Tuttle, Mr. and Mrs. Hanz Lundgren, Mr. and Mrs. Cecil Gardiner, Mr. and Mrs. J.W. Crick and Mrs. Underwood, Mr. and Mrs. E. L. Parsons, Mr. and Mrs. Edwin Kuykendall, Marvel Dunbar, Mrs. Z. Deal, Marie Dunbar, Mabel Deal, Mr. and Mrs. Albert Markert, Mr. and Mrs. Percy Discher, Mr. and Mrs. D. Lilly, Mr. and Mrs. Herman Dunbar, Freda Dunbar, Margaret Gardiner, Kathlene Colwell, and George Jones.

LOCAL NEWS ITEMS

Born, at Mrs. Speer's hospital in Vulcan, on December 2nd, 1928, to Mr. and Mrs. R. J. Todd, of Vulcan, a son.

It was election of officers at the meeting of the local Masonic lodge on Tuesday night. Alderman G. C. Collier was elected to the office of master. When the several officers have been duly installed a list of names will be published.

Mr. K. R. McLean, of Anderson & McLean, sight specialists, 208 Eighth Ave. W., Calgary, wishes to announce his semi-monthly visit to the King drug store, Vulcan on Saturday, December 8th, and Saturday, December 22nd.

In the social column of the Calgary Herald of date December 3rd, announcement is made by Mr. and Mrs. Norman Holmes of Vulcan, of the engagement of their daughter Elizabeth Adeline, to Mr. Wilfred Halley Gaetz, son of Mr. and Mrs. R. L. Gaetz, of Red Deer. The marriage will take place during this month.

Under the heading, "A merry trip from Vulcan, Alberta, by three Colchester boys," the Truro Daily News tells an interesting journey east by three young men in a second-hand car purchased from the Pyramid Motors for fifty bucks. The tale is an interesting one, and in it there are local names and incidents that will make it good reading, and this journal will print it next week.

Vulcan is the home town of one of the members of the ninth Boys' Parliament, and the young man is Herbert Linley, who has just been elected by acclamation to represent the district of Vulcan. Herb has long been active in the organizations and associations of boys, and his pals have several times honored him with office locally, in the district, and now he will do them service as an M.P.

This is to make record of a local transaction of some time ago. It was a trade of properties made by Mr. G. McQueen and Mr. Duncan Campbell, the former exchanging his residence premises in town for the property of the latter adjoining the corporation to the east and known to many as the "little farm." Both families have now been for more than two weeks occupying their newly acquired properties.

St. Aldhelm's Church services, Sunday, December 9th. Sunday school 10 a.m., matins 11 a.m., and evensong 7:30 p.m. The "White Sunday," which was to have been held on December 16th, has now been put forward to December 9th, when the children's gifts to the Junior Red Cross Hospital, Calgary, will be presented at the altar at the 11 o'clock service, and then sent on to them in the form of a Christmas gift. All children of St. Aldhelm's Sunday school please notice the change in date.

The following, from The Banner, printed at Chatsworth, in Ontario, would indicate an appreciation of the methods of the west and extends the fame and the name of the institution mentioned: "In Harry Nelson's paper, The Vulcan Advocate, it is to be gathered from the report of a recent Women's Institute meeting, that the Institutes out there in Alberta has adopted a rather pretty plan of naming its branches. The report referred to told of the meeting of a 'Good Deeds Women's Institute.' Work and play seems to alternate in this branch, for the item tells of a demonstration in dressmaking to be held at the next meeting with a box social and dance three days later."

Vulcan and district mourn with those who mourn the passing of a son and relative, for death has claimed a citizen in the person of Edward Syngue, Jr., son of Mr. and Mrs. Edward Syngue, well known in town and district. Deceased passed away at the hospital in Calgary after a period of seven weeks in the institution following a surgical operation. Edward Syngue, who was twenty-six years of age, was born in Sutton, England, and came to Canada and this district with his mother in 1903, two years later than his father. From 1910 to 1915 he was resident with his grandparents, Sir Francis and Lady Syngue, in England, where he attended school, and on his return to Canada was a student at Western Canada College, Calgary. He then returned to the family home some miles east of Vulcan. On December 22, 1925, he was married to Miss Alma Hansen, and they were born a daughter, Marjorie. The immediate relatives of the deceased resident here are the wife and young daughter, the parents and one brother and one sister, and an uncle, the latter being Mr. Neil Syngue. The young man possessed those qualities which made him esteemed of his friends and all of his acquaintances, and the loss of a promising citizen is a matter of sincere and general regret. Funeral services were held at the Anglican church on Thursday afternoon and interment took place at the Vulcan burial park.

Good Wherever Civilized People Gather Together

Whether you journey along the best known and frequently travelled routes or traverse those which lead to the remote parts of the globe, you need money.

Carrying money in the ordinary form is never wise. It involves both risk and inconvenience. The ideal way is to carry Travellers' Cheques issued by all branches of this Bank.

These Travellers' Cheques are easily obtainable. They cost very little; and they have this great advantage . . . they are accepted as cash, in almost any corner of the world where civilized people gather together.

VULCAN ADVOCATE
VULCAN, ALBERTA

DO WE MEAN IT

Goodwill is the spirit of Christmas. And what more sincere way to practice goodwill than to tune up general happiness by shopping in our own town. This spirit must commence within the smallest circles—our families, our community. It is the merest lip service if we say "Merry Christmas" to our neighbor, at the same time wandering afield to buy the identical goods which he handles at our door. Why boost the prosperity of outside firms in whom we have no interest and with whom we never come in personal touch, when we may add our mite to the general glow of optimism in our immediate neighborhood. Local merchants are presenting attractive articles at attractive prices. They are our own people. How sincerely do we wish a Merry Christmas to our own?

MARVEL AT CONDITIONS

Eastern people in travelling through the West find conditions at which they marvel. Katherine Hale, the Toronto writer, on her latest western trip has discovered "Trochu valley," where a colony of French aristocrats settled about half a century ago, and are still attracting other families of the same social stratum from the old land. These delightful French people of Trochu, have mingled their inherited customs with the demands of the new land, and are becoming real Canadians. Again Miss Hale visited in the district of Fort Saskatchewan where a British colony thrives and where young Britishers are trained in western farming. Here flourishes Lord Rodney's pleasant home, which has grown from a humble shack, purely through the labors of Lord Rodney and his wife. The farm is also a training school and from it have graduated Prince Charles D'Orleans, a nephew of King Albert of Belgium, the Honorable John Stanley, Lord Edward Montagu and numerous others who in their farming life are indistinguishable from their neighbors. Katherine Hale looks upon our western prairie as a great melting pot into which are thrown aristocrat, peasant, and middle class, almost all emerging triumphant and "prairie touched."

SPREAD THE STORY

The Macleod branch of the Canadian Legion has purchased 300 copies of "The Truth About the War" by Major George A. Drew. These pamphlets are being distributed on application amongst the schools of the district or to any individuals interested. The substance of these articles is an irrefutable answer to the slander published in certain U.S. magazines that the British Empire shirked responsibility in the Great War.

NATURALIZATION

Now isolated and out of tune with his surroundings, a man must feel, who is not a citizen either by birth or naturalization, of the country in which he lives. He is not living fully politically speaking. He is cut off from the natural free born rights of a voter, law maker, juror, office holder. He wanders lonely. The present Naturalization Act was passed in 1914. Any person naturalized in any part of the Empire under the Act is recognized as a British citizen throughout the world. The conditions of naturalization are one year's residence in Canada and the preceding four years either in Canada or in some part of the Empire, applicant of good character and having adequate knowledge of either English or French. An amendment to this Act was introduced last session and passed by the House but rejected by the Senate. A provision was made for sixty days notice of application for naturalization and the application to be signed by three reputable citizens. Some further suggested amendments may be made at later sessions.

MOTORDOM

Twenty years has worked great changes in motordom. Today you ride all Sunday afternoon watching the stop-light of the car in front of you. Twenty years ago the autoist spent most of the afternoon lying on his back under the car and wondering where in the world all the extra bolts came from. In those days repair shops were a misnomer. Anybody—a blacksmith, a broken down politician, a steamfitter or anyone who knew a hub cap from a spark plug, posed as an auto mechanic, and very often managed to do considerable damage before he was through "repairing." Nowadays, an auto mechanic is a man who has to know his work and when a car owner leaves his car at the repair shop, he is quite confident that he will get as much of it back as he left there.

SUPERVISING UNITS

Helpful supervision is most necessary for schools, more particularly for the rural school, where young teachers as a rule make their start. Supervision is distinct from inspection, which is an official visit twice a year. In supervision, the object aimed at is an encouragement and strengthening of the efforts of the beginning teacher. A supervisor would have a free hand to visit most frequently those who need it most. One supervisor might handle thirty-five schools, visiting some much more frequently than others. He would be able to detect weak spots and to direct the teachers' enthusiasm. He need make few official records and need report only very occasionally to the inspectors on his findings.

DISCOURAGE CRIME

Many upright citizens would be astonished to learn that they are encouragers of crime. But carelessness and gullibility on the part of well-meaning people, keeps many swindlers flourishing. It is so ridiculously easy to be dishonest when easy marks will cash cheques for strangers, carry great sums of money upon their persons, buy real estate without investigating the proposition, lend money to people of doubtful honesty, leave automobiles unprotected and so on. If people fail to exercise caution in these matters, no amount of police protection can safeguard them. If pickings were poor, there would be less dishonesty. To a great extent it is up to the average citizen to exercise good judgment in his actions.

THE PAYING PORKER

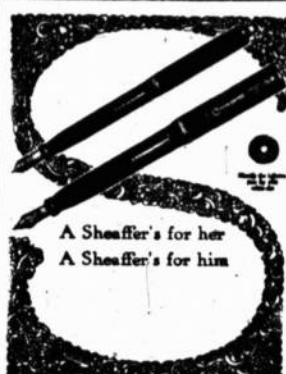

The statement that every part of a pig is useful but the squeal, is practically true. The so-called disking may well be considered by products. Trimmings go into sausage; lard or grease. Some of the lard oil goes as lubricants and in chewing gum and candies. Tail, snout and ears are rich in gelatine and glue, and are also used for boiling with vegetables. Stomachs are used for skinned hams are useful for pig leather. Bone and fibre residue make good poultry feed. The hair is curled for upholstery. Hoofs are used for fertilizer. Even the waste waters in packing plants are evaporated into a brown thick wax and used in fertilizer. Not a thing left.

PLAIN "MISTER"

Any man who is entitled to call himself "Mr." may well be consumed with pride, according to the London Daily Express. For the title "Mister" is from the Latin "lord or master" and pre-supposes much more dignity than the run of titles: "Prince" is one "to consider first"; Duke is merely the leader of a few other men; Earl is a soldier; Baron, a strong man; Lord means the family "bread protector." None of these is anything like as presumptuous as "Mister." Birkenhead.

THE PARIS PACT

The Pact of Paris which was signed by fifteen of the world's greatest nations abjure war as an instrument of national policy and is undoubtedly the world's greatest peace movement. Forty-eight nations have been asked to sign it and it is expected that most of them will fall in line.

ESTIMATING A CROP

The Northwest Grain Dealers Association has issued a protest against Mr. Hoadley's attack on wrong estimates of the western wheat crop. Mr. Hoadley's speech however, referred to the exact figures which the associations estimate contained and the association's preliminary estimate was not made public till the crop had been harvested which was some time in early October. The final estimate is not made till late in December. The great depression which carried the prices to a much lower level than last year occurred many weeks before the Northwest Grain Dealers preliminary estimate was made.

Christmas is inevitable and is little more than two weeks away. Ignoring it, does not alter the fact that if you do not get busy now, you will be scurrying around two weeks from now exhausting both yourself and those who must serve you. Get busy

NOTICE

To: Rena Viola Augusta Clara Clark, formerly of near Vulcan, Alberta. TAKE NOTICE that action number 29946 has been commenced against you in the Supreme Court of Alberta, Judicial District of Calgary, by your husband, Arthur William Clark, claiming dissolution of his marriage with you; for custody of the children of said marriage, and for costs, on the ground of adultery by you.

AND FURTHER TAKE NOTICE that you may deliver, on or before the 12th January, 1929—

(1) A statement of defence or
(2) A demand that notice of any application to be made in the action be given to you; failing which the action will proceed in your absence and plaintiff will be given such judgment as he is entitled to.

Further information may be obtained from H. S. Patterson, Esq., K. C., solicitor for Plaintiff, Calgary, Alberta.

DATED at the Court House, Calgary, Alberta, this 23rd day of November, A. D. 1928.

O. F. Larson of Minnehick on the Lacombe line, has got twelve months hard labor for not sending his children to school.

Herman Trelle in an address at Toronto said: "If there is anything I can do, to take the hayseed out of farming I am going to do it."

INTERESTING NEWS

Senator J. Webster who defeated the Hon. George Graham in 1911 and was later appointed a Senator, died on December 1st.

A wheat elevator is being built at Whiskey Gap, Alberta. A few years ago they specialized in rye, which accounts for its name.

High River is definitely in the Alberta Amateur Senior Hockey League and the organization of the group was completed at a meeting held in Calgary over the week end.

Mrs. McIntosh of Claresholm, wife of William McIntosh, merchant was held up in their store at the point of gun, by a lone stranger. The sound of someone entering the store caused him to disappear. No clue.

The Town Planning and Preservation of Natural Beauty Act passed at the last session of the legislature is to become operative December 1. This will be under the administration of municipal affairs department.

E. E. Bird of Aldersyde, is making excellent use of the gas coming from an artesian well drilled on his farm years ago. The natural gas was piped years ago into the house and cooking, heating and lighting is being done in this modern and up-to-date home.

Word comes from Auckland, New Zealand that Commander Byrd is obliged to leave his airplanes behind for want of space on the boats which left for the Antarctic ice border. The ships will return for the planes after depositing the men, stores and equipment and supplies at their destination.

The largest shipment of tractors ever made to one centre of Alberta, arrived this week in Calgary. There were 123 Chalmers tractors which will be shipped to towns round about, High River being one point of shipment. The new tractor is a 20-35 four cylinder machine especially adapted for plowing and running separators.

The Peterborough, Ontario, City Council has brought down execrations on its head by consigning the captured war trophies held by the town, to the dump heap. It has been characterized as "one of the most callous peace time happenings since the war. The indignation of the veterans will be shared by all citizens of the Dominion."

The fur trade is now handling coyote, weasel and badger skins. The coyote and weasel are in good condition but the badger skins will improve greatly later in the year. The dealers express the opinion that the prices this season will be lower than last, owing to the bad season which many manufacturers have experienced.

The inaugural air mail flight which leaves Calgary at 7 a.m., December 10, promises to be weighted down by thousands of letters. Many stamp collectors are anxious to get the cancelled air mail stamps for their collections. Others are sending letters via air mail as a surprise to the recipients. There will also be a last minute rush amongst those who wish to get speedy service. The plane leaving Calgary at 7 reaches Regina at 11:30 and Winnipeg at 1:15.

A feeler has been put out to raise the gasoline tax to five cents. The people have accepted the three cent tax without serious complaint, but there would be a howl if it were raised to five. Alberta's financial position does not require it. With the northern railway unloaded, the budget should become reduced two millions of dollars annually. Leave taxation as it stands and take fifty per cent of this amount for additional permanent road construction and Alberta would soon have a wonderful system of highways.

The minds of individuals daily more or less eagerly with the idea of owning an airplane some day. It is predicted that this day is fast approaching, and figures are supplied to show that the original cost is not beyond the aspiring souls. As with the automobile, the upkeep is the heavy end, and the big plane is more costly than the small one. Private pilots prefer the small light plane costing about \$2000. The lowest recorded cost is \$400, while a really costly machine is \$12000. Hangars are a big item, but a private hangar cuts expense immensely. A small three passenger biplane costs about 10c a mile to run including all items. The lowest flying cost given is 3c a mile.

Lord Willingdon, speaking to the Women's Canadian Club, Toronto, and referring to the extent and beauty of Canada, remarked that when his term of office was over, he thought he could do very nicely by establishing a Travel Bureau. In the matter of touring this country Lord Willingdon has set an unusual example. He has travelled more than any previous Governor General, having covered over 50,000 miles. He has seen more than have many Canadians themselves of the varying life and beauty in remote places of our Dominion. Perhaps no one could be better fitted to instruct tourists on the fine points of Canadian beauty than Viscount Willingdon. If he established a travel bureau, with personally conducted tours he would be a triumphant success.

BLACKIE NEWS

Born to Mr. and Mrs. George Davie in Blackie Hospital, a son.

Miss Ruth Howlous left on Thursday last for a short visit with her sister in Salt Lake City.

Rev. G. H. Peacock attended a meeting of the High River Presbytery on Wednesday last at Nanton.

The kiddies and young people are keeping their eyes on the skating rink and hope it will soon be ready for skating.

The Glenview school will put on their Christmas tree entertainment on Friday, December 21st in the school house.

The W.M.S. of the United Church held a successful meeting at the home of Mrs. George Devitt on Wednesday last.

The citizens were roused at 4 a.m. on Friday by the sound of the fire bell. Fortunately it was only some outbuildings belonging to Mr. McGill.

The cold snap has stirred up special interest in curling and many are signing up to play the good old game. The rink will soon be ready if the cold weather continues.

Emanuel Synder is suffering from a severe attack of flu. He is under the care of Dr. Murray and a special nurse. We are glad to report his condition is improving.

Mrs. John Laycraft who has been indisposed for some weeks has not made any progress toward health and was taken to Blackie Hospital where she will undergo special treatment.

Miss Dorothy Burus who has been having special treatment in the government hospital at Edmonton for victims of infantile paralysis, is returning home for her Christmas holidays. She is reported to be greatly benefitted by the special treatment.

The last bazaar of the season will be put on by the Ladies Aid of the United Church on Saturday next, December 8th in the Masonic hall. The bazaar will open at 2:30. Ladies are asked to send in contributions for the bazaar also home cooking. Come and secure your Christmas gifts. Afternoon tea will be served. The Blackie United Church have increased the number of their officials from six to twenty-one. The church now has fully organized boards of

MAIL CONTRACT

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 11th January, 1929, for the conveyance of His Majesty's Mails, on a proposed Contract for a period not exceeding four years twice per week on the VULCAN RURAL ROUTE No. 2, from the Postmaster General's pleasure.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained from the Post Office at Vulcan and at the office of the District Superintendent of Postal Service, Calgary.

J. B. CORLEY,
District Superintendent of Postal Service,
District Superintendent's Office,
Calgary, Nov. 26th, 1928.

stewards, trustees and elders. Mr. C. L. Roebuck is chairman of the board of stewards, Mr. J. S. McRobbie chairman of the trustee board and Mr. Albert Dawes of the board of elders.

The next big community event is the annual community Christmas Tree concert to be held in the auditorium on Friday, December 21st. Principal Wilson and his staff of teachers assisted by helpers from the local churches are busy at the program preparations. The piano from the United Church has been placed in the High School until after the Christmas tree. Everyone old and young is asked to keep this date open and be on hand for the very best Christmas tree yet.

The gym is being well patronized. On Monday night three classes numbering forty under the direction of Mr. John Sutor, spent a very profitable and pleasant evening at floor exercises, group games, basket ball and volley ball. On Tuesday evening the C.G.I.T. girls spent from 7 to 8 o'clock on the gym floor under the leadership of Misses Cooke and Ferngren. About twenty girls were present. From 8 to 10 o'clock about thirty men including most of the business and professional men had the time of their life on the gym floor under the directorship of Mr. G. Speers. The exercises included gymnastic exercises, volley ball and basketball. Some of the oldest men demonstrated that at one time they were real athletes and all were boys again for two solid hours.

EASTWAY NEWS

Miss Olive Lent, who is attending business college in Calgary, is home for a few days this week.

The Eastway school children will have their Xmas concert and entertainment on December 19th. Union Jack school will have their on December 20th.

A few of the neighbors gathered at the home of Mr. William Marshall's on Monday evening to celebrate the birthday of Mrs. Marshall, when various games were played till 12 o'clock, then after supper there was dancing. We all enjoyed ourselves and wish there would be many more surprise parties.

Mrs. F. C. Lent received a telegram from her home in Digby, Nova Scotia that her brother, Mr. Bert Stark, was killed accidentally. Mrs. Lent left immediately for Nova Scotia. Mr. Stark is not a stranger here, he having been out here twice at harvest time. He leaves a wife and eight children to mourn his loss.

At the U.F.A. convention, Hon. George Headley said that the wheat trade was exaggerating the amount of wheat in the country to keep down the prices.

About 70 feet of new hole at the Highwood well being drilled west of High River by the Imperial Oil Co. for A. W. Dinningman, fishing still in progress at Royalite No. 11 well, and general advance in the footage of the majority of the wells being drilled are features of the official weekly drilling report of the Imperial Oil Company issued recently. The well is down to a depth of 3765.

The Alberta Wheat Pool has handled 71,116,139 bushels of the 1927 crop. Of that amount 67 per cent were shipped to the Pacific Coast. The administration costs of the Wheat Pool for the past season amounted to 36 cents per bushel or a seven-tenth of a cent. During the seven-tenth of a cent. During the past year \$98,000 was distributed covering interest for the previous year on elevator reserve fund. Undistributed interest at August 31, 1928 amounted to more than \$200,000.

of the People of Vulcan
and the Farmers and the
Farmers of the District.
R. J. MONDS, Editor.

EDITORIAL

We must admire the
courage of the woman
who saved nine lives in a
Chicago fire. The flames
were flaming fiercely from
the pile of burning rubbish
in the basement when she
grabbed her pet cat and
escaped unharmed.

A GOLD DECK

A farmer seldom looks
at the thermometer.
What's the use? The
chances have to be done
any way.

"What is the best way
to find out what a woman
thinks of you?"

"Marry her and then
wait a few days."

You may seem just as
queer to the other fellow
as he seems to you.

There are some new
practical features in the
McCormick - Deering
machines we have just
put in stock. We wish
you might see them. The
information will be use-
ful to you. Just drop in
anytime, you are always
welcome.

It is a supreme source
of gratification to us to be
the representatives in this
community of McCormick
Deering quality and ser-
vice and to live up to its
highest traditions.

When you need repair
parts for your McCormick
Deering farm machinery,
see that they are stamped
with the IHC trade mark,
which insures accurate fit
and durability.

Think of the time and
work saved by turning
two or three furrows at
each trip across the field.

A McCormick - Deering
Tractor and Plow outfit
will do it.

FAIR ENOUGH

Doctor: "I'll examine
you for fifteen dollars."
Patient: "All right Doc,
and if you find it we'll
split."

FINANCIAL NEWS

Men have their price,
and women their figure.

HELP ANYWAY

If you can't beat the
bass drum and are unwill-
ing to carry it, fall into
the procession and help
others carry on the work
of attracting capital and
development to your town.

Well we see some of the
stores are getting decked
out in their annual Christ-
mas finery.

IMPRESSIONS

Bird's Eye View of European Nations
by Premier Ferguson

An article by Premier Ferguson
appears in the current issue of Mac-
lean's, which is rich in impressions
gained from his visit last summer in
Europe. The following are extracts
which should be of interest to all
Canadians:

Germany

"The German people believe in
hard work. Men, women and children
work in the fields from dawn till dark.
They work long hours in factories.
They have marvellous forestry
schemes. Not a waste acre anywhere.
No man may cut his forest at will,
but must consult the government as
to what may be cut. Within a reason-
ably short time I am sure the Ger-
man people will say to the League of
Nations 'This hive is filled—we must
swarm—we are entitled to go some-
where.' And the whole problem will
be before the world's court again."

Denmark

I saw a farm in Denmark, of ten
acres, maintaining a man, his wife
and three children. On the ten acres
he had three cows, pigs and some
chickens and was living comfortably.
Farms run mostly from 25 to 50
acres. Eighty-seven per cent of the
country's production is in agriculture.
The Danish educational system is in-
teresting. One type of school is "The
People's School," subsidized by the
government. In winter they take
boys from 17 to 22, in summer girls
of similar age. They give a little
academic training but emphasize lit-
erature and history. The pupils are
impressed with national consciousness
with the breadth of vision of the men
who have gone before. There is in-
tense patriotism there as in Holland,
Sweden and Norway.

The Swedish are a splendid thrifty,
cleanly, progressive, intelligent peo-
ple. Nowhere have I seen such uni-
formly splendid barns, and practical-
ly every farm building is painted.
These buildings are mostly red with
white trimmings, and set in green
forests, are a spectacle of beauty.
Three outstanding features of its pro-
gress are its forestry and metal in-
dustries and its wonderful power ex-
pansion. Though I had little time in
Norway, I did satisfy myself that
they have a surplus population. They
are splendid industrious, thrifty peo-
ple looking for opportunities in a new
land.

Need Truth About Canada

If Canada is to get immigration
there should be more truthful stories
about existing conditions in this coun-
try. Everywhere I visited transpor-
tation offices, I asked for literature
about Ontario. Some agents had
never heard of the place. And all
Canadian literature was devoted to
western harvests and cattle ranches.
There was nothing to show any of
the real diversity of occupation that
exists in Canada.

Britains Cure for Ailments

Three years ago Mr. Baldwin said
that the greatest remedy to better
conditions was research and investi-
gation to improve methods of manu-
facture and eliminate waste. Last
year she spent \$15,000,000 in research.
It is conquering some of the most dif-
ficult problems, and reviving the at-
mosphere of prosperity. They are al-
so transplanting population within
the country with training farms to
absorb children of coal regions.

Today also there is a different out-
look of imperial consolidation. Britain
no longer regards her dominions as a
storehouse of raw material, but as
great potential factors of the Empire.
Witness the Empire Marketing Board
to bind the Empire more closely. The
British Treasury contributes to in-
vestigation in agriculture at Guelph,
Ontario.

The Migration Question

Why should we require four or five
sheets of family history and statistics
for the admission of immigrants?
This inquisition leaves an unfavor-
able impression in the old country. If
they are sound in mind and limb and
willing to work, that might well com-
plete the investigation. Once they
realize the effect of these little irri-
tating things, the Ottawa officials
will simplify matters and we will get
our share of splendid manhood.

IN A LIGHTER VEIN

Auto Tourist—I clearly had the
right of way when this man ran into
me, yet you say I was to blame.
Local Officer—You certainly were.
Why? Local Officer—Because his
father is Mayor, his brother Chief of
Police and I go with his sister.

She: "Now what are you stopping
for? He: 'I've lost my bearings.'"
She: "Well, at least, you are origi-
nal. Most fellows run out of gas."

The matrimonial situation as it has
been working lately, should be giving
local girls some uneasiness. Here are
two of our catches—Archie Matheson
and Wayne Malmberg—already cap-
tured by out of town girls.

A cow stood on the railway track.
A train came round the bend,
She'd stood there many times before
But it got her in the end.

George Bernard Shaw looks for-
ward to the time when the barbarity
of sending men down into the earth
to dig coal, would be over. If all the
power in the tides surrounding Brit-
tain, were utilized, there would be no
unemployment problem, and the
great demand for power would be
solved.

Announcing -

The Outstanding Chevrolet of Chevrolet History - a Six in the price range of the four!

THE Chevrolet Motor Company of Canada, Limited,
announces The Outstanding Chevrolet of Chevrolet
History . . . a Six in the price range of the four!

Spectacular as Chevrolet's achievements have been in the
past . . . notable as its engineering triumphs have proved
themselves to be—this remarkable new car dwarfs every
previous Chevrolet accomplishment. Not only does it intro-
duce into the low-priced field an entirely new measure of
performance, comfort, beauty and style—but it is sold at
prices so low as to alter every previous conception of motor
car value.

The new six-cylinder valve-in-head
engine—developed from more than a
hundred motors designed especially for
this sensational car—stands out as an
engineering masterpiece. With a
power increase of approximately 32%
over the previous Chevrolet motor,
with sensationally greater speed and
faster acceleration—it offers a type of
performance that is literally astound-
ing . . . even to those who have been
driving cars costing hundreds of dol-
lars more.

Throughout the entire speed range, it performs with a
smoothness and quietness of operation that have never be-
fore been approached in a low-priced automobile. At the
slower speeds of city traffic it idles along with wonderful
silence and ease. On boulevards and country roads it
responds with an eagerness that is a constant delight. It
takes the longest and steepest hills with an abundant reserve
of power that is a source of pride to the driver.

And its economy of operation averages better than 20 miles
to the gallon of gasoline!

LARGE SCHOOL UNITS FOXES AND LAMBS

In Connection With the Proposed
Changes in Rural School
Administration

It is submitted that this province
might be divided into areas suffi-
ciently large to establish a fair and equi-
table system of taxation, taking into
account the presence of rivers, moun-
tain ranges and other natural fea-
tures. Each area so created (call it a
county) would have its own school
board and appoint its own teachers
and supervising officers, with powers
of self-government over which the
Department of Education might have
rather broad discretionary powers of
control. If this were finally decided
upon, rural schools and teachers
would lose much of their present iso-
lation; the teachers would be brought
into fellowship with the entire teach-
ing force throughout the county,
working in sympathy and co-opera-
tion with and under the guidance of
specialists. The system of supervi-
sion would then really supplement the
work of normal schools and each in-
it would have an incentive to raise its
schools to the highest possible degree.

In Great Britain and in many
parts of the United States there are
county units which vary greatly in
size and number of schools under
their control. It is where the strong
form of county control exists with
some degree of government control,
that the teaching service is best per-
formed. It is here, obviously, where
the best systems of supervision pre-
vail and it is generally recognized
that no way of improving the teach-
ing service in rural districts with so
little expense has been devised; the
quality of instruction responds more
rapidly to effective supervision than
to any of the agency—Educational
Bureau, Teachers Alliance.

The province of B. C. was omitted
from the wholesale and retail indit-
ment of Canadian young people, in
which Miss Duff, W.C.T.U. secretary
for Ontario, indulged at Boston. But
a B.C. resident feeling that Alberta
girls as he has known them have
been unjustly attacked, sends a de-
fense of them to the Calgary Herald.
He thinks in spite of Miss Duff, that
they are very worthy people.

At Colpitts' ranch, 18 miles west of

Calgary, Holsteins, foxes and lambs
are woven into a unified scheme, says
the Country Guide. "The two Colpitt
brothers started in 1913 with three
breeding foxes. Today this founda-
tion stock has grown to popu-
late thirteen fox ranches from New-
foundland to Alberta. The Calgary
ranch has 1600 foxes on it, and last
year the sale of pelts alone from this
ranch brought \$40,000. This appar-
ently is a better business than grow-
ing wheat. The board bill means
four horses a day, the year round,
which are bought mostly from the
Indians. They seldom cost \$10 and
the hide goes to the tanner, while even
the bones are ground up for the
foxes. Also they must be fed eggs.
Last year Colpitt's were feeding 108
dozen eggs a week. Rabbits also in
abundance as many as can be got.
Once a day from March to November
the foxes get a feed of bread and
milk. They prefer whole wheat
bread.

For feeding the best milk, there is
a herd of 100 purebred Holsteins.
Much of the milk from this herd of
course finds its way to Calgary dair-
ies. The ranch books show the cost
of upkeep for the foxes to average
two cents a day the year round. The
lambs are not entirely an ornamental
feature, but are paying propositions
and lead a most placid, brotherly
life with the foxes. Just one precau-
tion is taken in this peaceful atmo-
sphere. When young foxes are put to
pasture, they are caught and their
tusks clipped to save damaged hides.
The Colpitts are confident of a pelt
raising future. Some of their pelts
have sold in Montreal for \$375. They
are reputed to have made a million
out of silver foxes. However that
may be it is supremely successful.

The new council at Carleton to be
elected in December will have as its
first duty the decision as to whether
or not it will sell the municipal light-
ing plant to the Calgary Power Com-
pany. The Calgary Company has of-
fered \$40,000. An inventory of the
plant totals \$49,000 without allowing
for depreciation however. This ques-
tion it is expected will figure largely
in the municipal elections.

Plumbing and Tinsmithing

ALBERTA

ITEMS OF INTEREST

More than 4000 acres have been
signed up amongst the farmers of
Taber for beet growing.

The Alberta Legislature meets on
January 24. Premier Brownlee hopes
that the business may be over by
March 10.

A skeleton found in a remote cor-
ner of the Bassano golf course, has
been identified, according to the Bas-
sano Mail, as that of a Scotsman who
could not find his ball.

W. M. Neal, general manager west-
ern C.P.R. lines says: "Western Can-
ada has never been in better shape.
The grain is all in. The only serious
thing in the grain situation is the
grade of grain which dropped in too
many cases to six and feed."

The Elks of Okotoks will hold an-
other big special meeting at their
lodge rooms on December 11 in the
evening. Strathmore Lodge will pay
a fraternal visit and there will be
Elks from High River, Nanton, Cal-
gary, Staveland and Vulcan in atten-
dance.

The Great Northern Railway own-
ers of the Prince of Wales Hotel at
Waterton, is entering on a most ex-
tensive campaign of advertising Wat-
erton. The wonders of Waterton and
its surroundings will be broadcasted
before a weekly audience of forty to
fifty million people. It should at-
tract tourists.

Innisfail has established a Colon-
ization Board under the auspices of
the Department of Colonization C.P.R.
Any farmer desiring help, are asked
to notify the Board, stating national-
ities preferred and the time of service
required. The object of the new
Board is to place worthy new settlers
in permanent jobs.

MAIL CONTRACT

SEALED TENDERS, addressed to the
Postmaster General will be received at
Ottawa until noon on Friday, the 11th
January, 1929, for the conveyance of His
Majesty's Mails, on a proposed contract
for a period not exceeding four years
twice per week on the route REID HILL,
AND VULCAN from the Postmaster Gen-
eral's Pleasure.

A programme calling for the expenditure of \$4,000,000 next year is being prepared by the Halifax Harbor Commission. Looks like Nova Scotia is becoming optimistic.

REID HILL NEWS

Mr. and Mrs. G. B. McKay entertained on Wednesday evening at the Reid Hill hall when a reception and dance was given in honor of Miss Merle McKay, their daughter, whose marriage to Mr. V. Ferguson took place recently. One hundred and fifty guests spent a delightful evening at cards and dancing to music furnished by Birds Red Birds, also admiring the many and beautiful gifts presented the happy couple. A sumptuous dinner was served at midnight. The tables were prettily decorated with flowers and the wedding cake occupied a prominent position. The neighborhood and many friends of Mr. and Mrs. Ferguson unite in wishing them much happiness and prosperity.

ENSIGN NEWS

The meeting for the E.W.I. will be held at the home of Mrs. H. Brown, Tuesday afternoon the 11th at 2:30 p.m.

The Ensign Literary Club will meet Tuesday evening, 11th at 7:30 at the school house. All are invited. Admission free.

Ensign Church services held in the school house every Sunday afternoon at 3 p.m., Sunday school at 2:30 conducted by Mrs. A. Smith. Preaching by the Rev. J. J. Farquhar. You are all invited to attend these services.

The silver tea which was held Friday afternoon 30th in the pool room by the W.C.L. proved to be a great success. Mrs. H. Brown wishes to thank all the ladies who so generously helped in the work of their support, and a vote of thanks to Mrs. G. Marshall for the use of the pool room Marshall for the use of the pool room. The collection brought a pleasing amount. The dance which was held in the school house, Friday evening, 30th by the E.W.I. was well patronized by a large crowd. Music was furnished by Miss K. O'Connell and Mr. Perry Hepburn. Refreshments were served by the members of the W.I. Proceeds for the Red Cross fund.

KIRKCALDY NEWS

Mr. Robert Robbie and son, Russell left for Edmonton on Monday where they will spend the winter.

Mr. and Mrs. A. Roebuck and Miss Margaret and Mrs. A. J. Maisey motored to Calgary where they spent a few days.

Miss Mary Lang who lives at Lethbridge spent the week end with her parents.

Messrs. Baldwin and Maisey spent the week end in Calgary.

Miss Margaret Roebuck left on Sunday for Calgary where she will take a course at the school of technology and art.

The Kirkcaldy W.I. met at the home of Mrs. Dunbar on Thursday for their social meeting. Mrs. Dunbar served dinner, after which the afternoon was spent in tying quilts.

A bride party was held at the home of Mrs. Lang on Friday evening. The lady's first prize was won by Mrs. Seever, the gents, Mr. Maisey; the consolation prizes were won by Miss McFall and Mr. A. Roebuck.

The Peppy Pals girls' club met at the home of Miss I. Snyder on Saturday. The girls gave a miscellaneous shower to Miss Freda Dunbar and many pretty gifts were received.

Mr. E. Haynes of Lethbridge spent the week end with Mr. and Mrs. J.M. Roebuck.

MILO NEWS

Mr. and Mrs. A. Alton spent the past week in Calgary where they attended the musical comedy.

Mr. Sangster of the Milo High School is leaving at Xmas time.

Friday night on Lake McGregor there was a skating party which was enjoyed by all the young people of Milo and district. The ice on the lake was never known to be in better condition. Mrs. Beckner supplied the hungry skaters with coffee and hot dogs.

Milo turned out "en masse" to the opening dance at the Queenstown Community Hall. The popular Vulcan Red Birds supplied the music.

Mr. Howard Dixon of Calgary who has been clerking in Mr. N. M. St. Peter's store has gone to High River where he has accepted a position in the High River Hardware store.

The home of Mr. and Mrs. A. E. Ferngren of Milo, Alberta, was the scene of a very pretty wedding on Monday, December 3, when their oldest daughter Thelma Lenora was united in marriage to Mr. Garnet Hodgins O'Neil, a well known resident of the Crossfield district. Promptly at

4 p.m., to the strain of Lohengrin's wedding march played by her sister, Miss Ruth Ferngren, the bride entered the living room and was presented in marriage by her father. She wore a powder blue georgette gown and carried a sheaf of Ophelia roses and orange blossoms. She was attended by her sister, Miss Esther Ferngren attired in Beige Rose georgette and velvet and who carried roses and orange blossoms. The groom was attended by Mr. Lester Robertson of Calgary. Rev. C. G. Hockin of Milo, officiated. The groom's gift to the bride was a pearl necklace with cameo pendant set with pearls; to the bridesmaid, a gold and crystal necklace and to the best man a silver cigarette case. Immediately after the ceremony a buffet luncheon was served. Mr. and Mrs. O'Neil left in the evening for Calgary and Vancouver. On their return they will reside on their farm near Carleton Place.

The mystery of death—"Wonder how much he left?"
